

Dear Waterfowler/Conservationist,

We are currently in the planning stages for our annual fund raising banquet to be held Saturday, March 2<sup>nd</sup> 2019. I'm sure that you get requests such as this often, and as sportsmen we do appreciate your company's efforts. It is our hope that you can help us in our fund raising efforts by donating to our organization this year.

We are in our sixth year operating as the Mississippi Valley Sportsmen, Inc. This organization is made up of the same dedicated committee members who brought you the best local fund raising banquet in the Quad Cities area for the past 18 years. It is our goal to continue to bring you the same high quality banquet and wildlife conservation projects you have become accustomed to over the years. Now, for the sixth year in a row, and from now on, ALL the money raised at the banquet will be spent on local conservation projects and youth outdoor activities, as there is no national organization to support.

As in the past, any monetary or merchandise donation that you would be able to provide, would help make a big impact on our fund raising success. In return for your generosity, we will recognize you/your company in our dinner program for your commitment to our organization and the environment. We would also be happy to distribute your catalogs and/or any promotional literature at our banquet if you choose to send them to us.

With the help of your company, we can preserve wildlife for the public and the many educational values it brings. Once again, on behalf of the Mississippi Valley Sportsmen, "**Thank you for your generosity!**" It is donations such as yours that help keep wildlife flourishing.

Sincerely,

Mississippi Valley Sportsmen Inc. Committee

**Note:** Mississippi Valley Sportsmen Inc. is a recognized 501(c)3 charitable organization.

Please forward any donations and catalogs to:
